

To Management Staff

I have lived here in my nice apartment for almost 3 yrs. You have been so kind patient and welcoming! I really feel at home and I consider you my family. All my family of mine had passed away. I am the only survivor. I came from a loving adoptive family. My father was an I.P.D. police officer. He took myself and my 3 brothers into his family. For the 1st time we felt loved.

I am the only survivor of my family at age 64 my birthday was last Thursday, May 27. I spent my birthday alone, but with happy memories of the past. I know my father would feel at ~~peace~~ peace knowing I am here and safe. As a matter of fact! My dad would visit your office and say thanks!, for taking care of my daughter.

Have a great day

You are loved too!
